| Minutes on discussions | Decision | Action |
| 1. 15th Stop TB Partnership Coordinating Board Meeting Agenda | | |
| Irene introduced the topic, indicating that this would be a small, short, focused CB meeting that should build on the momentum TB is enjoying through a wide variety of high profile meetings in 2009. Marcos then led the discussion of the current draft of the 16 th CB meeting agenda, with the request that ExComm members endorse, remove, amend or add items. | | |
| Item 1: Administrative Session | 1.1 This item was endorsed | |
| Item 2: HIV-TB: Next Steps on the Call for Action | 2.1 This item was endorsed. | |
| Item 3: Infection Control | 3.1 Infection Control was not endorsed; the item would need to be amended if it is to be retained for the next draft | 3.1.1. Secretariat to liaise with the TB Infection Control Sub-Group of the TB/HIV WG to identify what specifically should be put before the Board with clearer actions |
| Item 4: Beijing & Beyond | 4.1. The item was endorsed. | 5.1.1. The discussion and decisions should focus more on the need and means to monitor the implications for TB control, in terms of ODA and national budget allocations, over the coming years. Secondly, given the increased interest in MDG 4 and 5 and a potential shift away from disease specific interventions, the Board may need to discuss tactical issues around framing TB in the context of primary care |
| Item 5: The Global Financial Crisis: Implications & Opportunities | 5.1. This item was amended. | |
| Item 6: X PRIZE | 6.1 This item was not endorsed, though it was indicated that it could remain in the agenda as an information item if sufficient time remained for other items | |
| Item 7: Rio Partners' Forum Briefing | 7.1 The item was endorsed | Conclusion: Secretariat to revise agenda so that the first item introduces the variety of important upcoming meetings (MDR-TB in Beijing, WHA in Geneva, Pacific Health Summit and 8H in Seattle in the summer, and the G8 in the summer). Following this introduction, more specific agenda items will follow focusing on each of the upcoming meetings |
