SUMMARY SHEET

Agenda Nr. 1.05-5.0 | Subject | High Level Missions
For Information | For Discussion | For Decision

Introduction

The CB decided during the Beijing meeting last year that the High Level Mission (HLM) is a valuable advocacy tool that will provide vital support to TB control. In order to ensure practical impact, consistency and follow up, a CB sub-committee was asked to draft "Guiding principles for HLM".

Summary

The "Guiding Principles" (enclosed DOC1.05 - 5.2) include specifics about:
- The initial decision
- The composition of the mission
- The preparations
- The conducts of the actual visit
- The reporting of the findings
- The follow up

The draft calendar of proposed HLM to countries or high level international events is also enclosed (DOC 1.05-5.1).

Decisions requested from the Stop TB Coordinating Board

- Endorsement of the "Guiding Principles for HLM" as submitted by the Sub-committee
- Decide on the calendar of HLM as the working document for planning purposes
