Inaugural Session (1.07-2.0)

The Board:

- Welcomed the participation and engagement of the WHO Director General - Margaret Chan, UNAIDS Executive Director - Peter Piot and the Executive Director (a.i. and future) Global Fund - Helen Evans and Michel Katzatchkine and the UN Secretary General's Special Envoy to Stop TB - Jorge Sampaio.
- Welcomed the commitment to engage and promote a high level dialogue on TB/HIV with the aim of promoting joint action on the co-epidemic.
- Welcomed the commitment to develop a joint advocacy strategy on TB-HIV with UNAIDS and other HIV bodies.
- Agreed to pursue the goal of TB-HIV on the agenda of UNGASS in collaboration with UNAIDS.
- Called on the Laboratory Sub-group of the Partnership to engage more actively with UNAIDS in order to find joint solutions to lab capacity strengthening.
- Welcomed the commitment to renegotiate the MOU between the Global Fund and the Partnership and mandated the Secretariat to commence negotiations to ensure increased collaboration between the Global Fund with partnership components - GDF/GLC; TB TEAM, Working Groups etc.
- Welcomed the commitment of WHO to address gaps in the prequalification process and augment the capacity of the international community to get more TB tools pre-qualified.
- Decided to engage more actively on Health Systems Strengthening and to define a plan for work for Partnership engagement on cross cutting issues.
- Instructed the Secretariat to monitor and encourage follow up of these commitments.

Reaching the Targets: are we on course?
(1.07-3.0)

The Board:

- Welcomed the presentation of the draft World Health Assembly Resolution (to be discussed in May 2007), measuring progress against the 2005 targets.
- Congratulated partners and governments on the tremendous progress made towards the targets.
- Noted that though targets were narrowly missed globally and the Stop TB Strategy has been implemented rapidly, the rate of decline in TB burden is not yet fast enough to meet the 2015 targets and the goals of the Global Plan.
- Encouraged all partners to ensure that measurement of trends and impact continue to be ever more extensive and robust and that this data be used as evidence to drive policy and resource mobilization.

TB Determinants (1.07-4.0)

The Board:

- Welcomed the presentation as a new and important area of work.
- Noted that the outcomes of this work need to be largely reflected in wide health sector and intersectoral approaches, beyond the realm of TB programmes.
- Called on WHO, and other partners engaged in this work, to present the analysis with a plan of action including prioritized strategies and interventions that require input from partners.

XDR TB - Global Public Health Threat - global response (1.07-6.0)

The Board:

- Endorsed the XDR-TB response plan 2007-2008
- Noted that the budget outlined in the plan should be considered a baseline and that requirements may increase over time as additional information about XDR becomes available.
- Agreed to urgently support Resource Mobilization in favour of both the response plan and critical components of basic TB care (such as GDF) that prevent the development of XDR-TB.

GDF - The Future of the Grant Service Line
(1.07-12.0)

The Board:

- Expressed their strong support for GDF
- Expressed appreciation for the work and engagement of the newly established Business Advisory Committee (BAC).
- Agreed to the development of a resource mobilization strategy to identify funds for GDF grant beneficiaries for 2007 and to diversify the donor base in the period 2008-2010.
- Requested the GDF Secretariat present a list of specific tasks for Board members to pursue to support advocacy including a high level mission to the Global Fund to follow up on support expressed by "Fund" leadership.
- Mandated the Secretariat to develop a strategy for prioritizing countries and for focussing the GDF Grant Service on high priority countries.
- Requested that any revision of the XDR TB strategy also include specific support for first line drug supply through GDF (US$20 million for 2007).
- Decided that GDF should propose to the Coordinating Board a strategy whereby technical assistance for drug management is subsidized as a component of grant funding.
- Mandated the Secretariat and ACSM Working Group to work together to pursue a campaign to raise the profile of the GDF/GLC services with countries, donors, partners and technical agencies.
- Decided that the Secretariat meet with relevant delegations (in particular patient community) participating in the Global Fund Board meeting to outline requirements.
