The national Stop TB Partnership of Egypt commemorate No Smoking Day 2014.

A conference was organized by 2 important members of the partnership:

1. The Egyptian Society of Chest diseases and Tuberculosis (ESCT) headed by Prof. Awad Tag Eldin the chairman of the national and regional partnership
2. Cairo Association against Smoking , Tuberculosis and Lung diseases – Egypt (CASTLE) headed by Dr. Essam Elmoghazy

The conference was conducted on the 31 May, 2014 and was attended by chest physicians, nurses, social works and health educators in addition to nongovernmental organizations.

The presentations shed the light on the strong association between smoking tobacco and tuberculosis and the discussions stressed on the role of the partners on combating smoking.
