Advocacy Corner is the key space at the Union World Conference for advocates, researchers, implementers, community members, and decision makers to meet, discuss, strategise and learn more about advocacy. So come and visit us in the exhibition hall (booths 59 and 60) and get involved!

Advocacy Corner is yours!
It's a space where you can:

- Learn more about advocacy and the work of other organisations
- Display your materials and reports
- Relax and network with other conference attendees

Join us for any of the Advocacy Corner sessions listed below, where global and national tuberculosis advocates will lead discussions and debates.
