LAUNCH:

THE TB STIGMA ASSESSMENT TOOL

and

THE RIGHT TO BREATHE: A HUMAN RIGHTS TRAINING MANUAL FOR PEOPLE WITH AND AFFECTED BY TB

To meet the UN HLM key targets and commitments by the end of 2022 we must immediately multiply our efforts to end TB stigma and discrimination.

Please join us for an inclusive and open dialogue with leading TB community advocates, stigma and human rights experts, investors and donors on tackling TB stigma and discrimination once and for all.

The TB Stigma Assessment Tool was made possible through support provided by the U.S. Agency for International Development.
