\*The Luis Figo Foundation created in 2003, seeks to provide children and teens — especially those who are underprivileged — with conditions and opportunities for fully realizing their potential as people and citizens through sports. The foundation also seeks to improve the standard of living of underprivileged children and teens.

G4 The Ultimate Dream Foundation was created in March 2009 by Gaetano Marotta. Its aim is to make dreams come true for children with terminal illnesses. The foundation works closely with families, doctors and other health specialists in hospitals around the world.

The Stop TB Partnership, which Figo represents as a Stop TB Ambassador, is an international health partnership whose secretariat is housed by the World Health Organization in Geneva. The organization's goal is to eliminate tuberculosis -- a disease

that still takes the lives of nearly 5000 people every day, many of them children and adolescents.

Gama Sport & Events, based in Montreux and directed by Gaetano Marotta, specializes in organizing football events and manages several players.
